

# ActivePerl

The Industry-Standard Perl Distribution

**ActivePerl®** is ActiveState's free, ready-to-install distribution of standard Perl, for AIX, HP-UX, Linux, Mac OS X, Solaris, and Windows.

ActivePerl contains core Perl, popular modules, the Perl Package Manager (PPM), and complete documentation. The Windows version provides additional features that make ActivePerl the worldwide standard for Perl on Windows.

## FEATURES

### What's Included

#### Perl

- ▶ Binary distributions of core Perl 5.10 and 5.8

#### Perl Modules

- ▶ Popular modules included with all platforms. Additional platform specific modules included with HP-UX, Mac OS X, and Windows distributions.

#### Perl Package Manager

- ▶ Management of local modules, installed from ActiveState's online repository of compiled CPAN modules.

#### Installers

- ▶ Simple setup for all platforms.

### ActivePerl Extras for Windows

#### Perl for ISAPI

- ▶ Simple Perl plug-in for IIS to reduce Perl interpreter load time.

#### PerlEx

- ▶ Perl plug-in for IIS. Cache pre-compiled scripts for improved performance.

#### PerlScript

- ▶ ActiveX scripting engine. Like JavaScript or VBScript with a Perl brain.

#### PerlEz

- ▶ Embedded Perl.

### Current Releases

- ▶ ActivePerl 5.10
- ▶ Activeperl 5.8

“ActiveState's ActivePerl implementation is generally regarded as the best available for the Win32 platform.”

—InfoWorld,  
Top 10 tools of the trade

“I downloaded ActiveState's ActivePerl and I haven't looked back since. Simply brilliant! At the moment I use it mostly to check, or remove unwanted pages from, and postscript print files.”

— Tim Armstrong,  
Zurich UK Account

## ActivePerl Enterprise

**Focus on core competencies and enjoy peace of mind with on-demand support.**

ActivePerl Enterprise is a comprehensive software, support and maintenance package for organizations of all sizes that depend on Perl. Safeguard your company's applications with guaranteed, quality-assured ActivePerl binaries and mitigate risk with world-class support for your critical Perl systems.

## ActivePerl Enterprise OEM

**Shorten time to market with hassle-free Enterprise OEM licensing.**

ActivePerl Enterprise OEM is a comprehensive software, support and maintenance package for organizations of all sizes that redistribute Perl with their products and solutions to customers. ActivePerl Enterprise OEM provides full redistribution rights, plus optional support and co-marketing packages. Gain competitive advantage and bring your applications to market faster with proven ActiveState technology.
